
No.16/5 B, 1 Street, Shanmuga Sigamani Nagar, Kovilpatti 628501, Thoothukudi, Tamilnadu

Goal: Striving for a career which will constantly force me to upgrade my skills by providing a challenging environment.

Graduate in Computer Science Engineering who is highly motivated to secure the entry level opening in Computer Science Engineering /IT sectors.

ACADEMIC CREDENTIALS

- ❑ B.E in Computer Science Engineering, Unnamalai Institute of Technology, Kovilpatti, secured 8.31 CGPA and Honors in Data Science.
- ❑ 2021 HSC, Nadar Higher Secondary School, Kovilpatti, Secured 87 %
- ❑ 2019 SSC, Nadar Higher Secondary School, Kovilpatti, Secured 81%

PROJECTS

- ❑ **Intelligent Aquaponics Monitoring System**
Designed a smart system to monitor water quality parameters of aquaponics system using simulated sensor data and detect faults using Random Forest model. Automated actuators and displayed live data using Firebase connected web dashboard.
Tools: Python, Firebase, Scikit-learn, HTML, CSS, JS
- ❑ **Designed my own portfolio website:**
A simple website to showcase my skills and accomplishment.
Tools: HTML, CSS, JR
- ❑ **Noise Pollution Monitoring system**
This project is a simple system to mitigate noise pollution by monitoring real-time pollution level , identifying hotspots and take possible actions. This was accomplished by using LM393 sensors and Arduino.
Tool: Arduino UNO

PREPROFESSIONAL EXPERIENCE

- ❑ Internship training in IPCS Global Marketing, Tirunelveli from 12.08.2024 to 01.09.2024.

TECHNICAL SKILLS

- ❑ Advanced in Java and C programming
- ❑ Basic proficiencies in HTML, SQL, Data structures and Data science
- ❑ Basic proficiency in MS Office packages

CERTIFICATIONS

- ❑ Cloud Computing (Naan Mudhalvan)
- ❑ Industrial Metaverse (Naan Mudhalvan)
- ❑ Big Data by Infosys
